When You Are ready For Concours-Quality Upholstery, You Are Ready for Larry's Upholstery!

*Our Personal Commitment to Quality,
Authenticity and Your Satisfaction are a
part of Every Upholstery Item We Supply.*

- ✓ Naugahyde Vinyls, which are the same fabrics that were used originally.
- ✓ American-Made Bonded Dacron Polyester Thread. It wears like iron and won't fade, fray or come apart like cheaper threads!
- ✓ All items are Color-Matched to original factory specifications.
- ✓ We use the Best Foam Rubber Available in Seat Inserts, which guarantee a long-lasting wrinkle-free pleat.
- ✓ Heavy Backing for Underside of Seat Inserts.
- ✓ Correct Number of Pleats on Seat Inserts, with Evenly Spaced Stitching for Consistency in Look in Construction.
- ✓ All French Seams are sewn with a Double-Needle Machine to achieve a Straight, Parallel Seam.
- ✓ The Best Seamstresses in the Business! We take Pride in our work and make sure each upholstery item is The Very Best!
- ✓ Each Upholstery item that Larry's sends out has Our Guarantee that you will be Completely Satisfied. Period.

The interior of your Thunderbird can sometimes be more difficult to restore and care for than the exterior. For that reason, the interior portion of your restoration project is crucial and will usually need for the most attention.

Because you are paying this much attention to detail you don't have the time to worry about upholstery that doesn't match in color, vinyl that doesn't have the right grain, or stitching that is not straight and uniform. Getting the correct upholstery items the first time around saves heartache, headaches, and money in the long run.

There is an ultimate benefit in restoring your Thunderbird's interior correctly-increased value of your car! A properly restored interior not only looks good but it can make you money too. It adds untold dollars to the resale value of your vehicle.

At Larry's we offer only concours-quality upholstery, made from the finest materials available to you.

There really is more to the construction of quality upholstery than meets the eyes, but with features like these and a surefire guarantee going into each piece, you can be assured that your interior will be first-class. Your reward will be your own satisfaction from doing the job right as well as the admiration of everyone who sees your restored Thunderbird.

Ordering Information

Placing Orders

It is our goal to ship all orders within one day of receipt. If we are out of stock on a part and cannot supply within a reasonable length of time, we will refund your check or money order. All VISA®, MasterCard™, Discovercard®, and American Express orders will be accepted. Personal checks are welcome, but we may have to hold the order for 14 days for check clearance. All COD Orders must be paid by certified funds. The shippers will not accept cash. There is an extra charge of \$9.00 for each COD package.

To Order by Telephone

Call Toll Free (800) 854-0393. Have your credit card ready. Our phone ordering hours are Monday thru Friday: 7am to 5pm.

To Order by Fax Complete the Order Form and FAX 24 Hours to (951) 270-3224. Be sure to include your telephone number, credit card number, expiration date, and validation code as well as part numbers and accompanying descriptions.

To Order by Mail

Fill out the Order Form completely and accurately, including all part numbers and accompanying descriptions and mail to: Larry's Thunderbird & Mustang Parts, 1180 California Ave. #B, Corona, CA 92881. If you are including payment with your order, be sure to allow for freight charges. Credit card numbers must be accompanied by expiration date and validation code.

Internet Orders

Larry's catalogs are featured on our web site: www.larrystbird.com. Follow instructions located on the site for proper ordering.

Shipping Charges

Our shipping policy is simple. We charge according to the standard shipping rates of the carrier plus a small handling fee. In most cases we use UPS or Fedex. However, other carriers may be used depending on the destination and what is being shipped. **C.O.D. shipments will be charged an additional \$9.00 per package.** Please supply a street address. Most carriers will not deliver to a P.O. box.

Air Delivery

For faster delivery service, we do also ship orders by 1 day, 2 day and 3 day delivery. **Delivery Services cost an additional amount, depending on size and weight of cartons.** Please specify when ordering if you would like these special shipping services.

Foreign Shipments

Actual Shipping Charges will apply to foreign shipments. Customs fees, Duty charges, and other expenses are the responsibility of the customer.

One Final Note: Due to certain restrictions, we are not able to ship Hazardous Materials to any foreign countries; aerosol paint and vinyl dyes are shipped via surface delivery only and cannot be shipped via air delivery. These items will be noted by an asterisk* where listed in the catalog.

Returned/Refused Shipments

Customers will be responsible for all shipping charges, storage charges, and a *minimum* 10% handling fee on all refunded shipments. Merchandise returned that is not defective or damaged is subject to a *minimum* 10% restocking charge. The handling fee for parts purchased as 'used' is 15%. **No Returns Accepted on Special Order Items.**

Damaged Merchandise/Missing Merchandise

Inspect your parts immediately upon receipt. If you should receive parts that are freight damaged or missing due to a broken box, contact the carrier (i.e. UPS, Post Office, or Freight Line) immediately. They will process your claim. **If you find a shortage in your order, you must advise us of that shortage within 7 days.** We can only accept responsibility for shortages reported within the 7-day time period. Please do not ship damaged parts back to us without prior authorization. We will do everything possible to see that you are taken care of quickly and efficiently.

Guarantee

All new and reproduced products are guaranteed against defects in workmanship and materials. **Liability of Larry's Thunderbird & Mustang Parts is limited to the replacement of defective parts.** If you are not satisfied with your purchase and wish to make an exchange or return for refund, we ask that this be done within 30 days after purchase. If the reason for your return is our error, we will pay the shipping costs both ways. However, all parts must be returned Freight Prepaid, by way the least expensive transportation. Returns cannot be accepted on the following items: Electrical Parts, Stripe Kits, Books, or items with which installation has been attempted. **All returns must have a copy of your original invoice, as well as a letter of explanation and may be subject to a restocking charge.**

Pricing

We attempt to maintain all prices included within this catalog, but because of normal market changes, we reserve the right to adjust prices without notice.

Core Charges

A *Core Charge* is applied to most rebuilt items. This is in addition to the price of the part but is refundable upon supplying Larry's with your *correct* and *rebuildable* core. This is done so that we may continue to recycle good cores. If we run out of good cores, we must have your core in advance so that we can rebuild it and return it to you. **Cores must be assembled, rebuildable, authentically correct, and drained of all fluids to receive a core charge refund.**

Change of Address/Duplicate Catalogs

If you are moving or receiving duplicate catalogs, please help us reduce waste by calling or faxing us with the correct address information. If you would like your name removed from our mailing list, call customer service at: (800) 854-0393 or e-mail us at info@larrystbird.com.

Catalog Information

We continue to maintain the largest supply of new, used and reproduced parts available anywhere for classic Thunderbirds, Ford Passenger cars and Mustangs. Our large inventory allows us to keep backorders to a minimum. We have tried to organize parts so that your ordering and restoration job is an easy one.

We continue to add new parts to our catalogs as they become available. If you are looking for a particular part and aren't able to locate it in this catalog, give us a call. It could be that the part is now available but wasn't when we put this catalog together. If you have any questions, give us a call or send a note via e-mail. We are more than happy to help meet your needs if at all possible. And thank you for your business. We appreciate it!
