# When You Are Ready For Concours-Quality Upholstery, You Are Ready for Larry's Upholstery!

Our Personal Commitment to Quality, Authenticity and Your Satisfaction are a part of Every Upholstery Item We Supply.

- ✓ Naugahyde Vinyls, which are the same fabrics that were used originally.
- ✓ American-Made Bonded Dacron Polyester Thread. It wears like iron and won't fade, fray or come apart like cheaper threads!
- ✓ All items are Color-Matched to original factory specifications.
- ✓ We use the Best Foam Rubber Available in Seat Inserts, which guarantee a long-lasting wrinkle-free pleat.
- ✓ Heavy Backing for Underside of Seat Inserts.
- ✓ Correct Number of Pleats on Seat Inserts, with Evenly Spaced Stitching for Consistency in Look in Construction.
- ✓ All French Seams are sewn with a Double-Needle Machine to achieve a Straight, Parallel Seam.

The Best Seamstresses in the Business! We take Pride in our work and make sure each upholstery item is The Very Best!

Each Upholstery item that Larry's sends out has Our Guarantee that you will be Completely Satisfied. Period.

The interior of your Thunderbird can sometimes be more difficult to restore and care for than the exterior. For that reason, the interior portion of your restoration project is crucial and will usually need for the most attention.

Because you are paying this much attention to detail you don't have the time to worry about upholstery that doesn't match in color, vinyl that doesn't have the right grain, or stitching that is not straight and uniform. Getting the correct upholstery items the first time around saves heartache, headaches, and money in the long run.

There is an ultimate benefit in restoring your Thunderbird's interior correctly-increased value of your car! A properly restored interior not only looks good but it can make you money too. It adds untold dollars to the resale value of your vehicle.

At Larry's we offer only concours-quality upholstery, made from the finest materials available to you.

There really is more to the construction of quality upholstery than meets the eyes, but with features like these and a surefire guarantee going into each piece, you can be assured that your interior will be first-class. Your reward will be your own satisfaction from doing the job right as well as the admiration of everyone who sees your restored Thunderbird.

*Dedicated to Excellence*

## Seat Cover Sets (TSC)

All of our seat cover sets include cushion and backrest covers, backrest hinge “booties”, and the “wings” that go between the edge of the backrest and the backrest cardboard. All covers are sewn and constructed in exactness to duplicate the original Thunderbird style in every way possible. We guarantee them to fit properly without any modifications to your car. In fact, we feel these seat covers are better than what originally came in your Thunderbird from the factory! Covers are listed in color combinations as applied to each model year.

## Seat Cover Embossment

All 1956 Thunderbirds, as well as early 1957's came from the factory with an embossment in the center of the backrest. The Ford “Crest” was featured on all 1956 models, while early 1957's featured the Thunderbird logo in use during that time period. Ford's method for applying this embossment was a combination of heat and pressure, a technique that has since become antiquated. Embossments tended to wear out prematurely and owners were left with a seat cover full of dimples where the design once was. Ford eventually discontinued embossments early on during the 1957 model year because their technique wasn't really working. Current technology has improved, allowing for embossments to be achieved through a process known as REFE (Radio Frequency Energy). RFE doesn't damage your vinyl and all embossments stay in place like they should. A proper and authentic embossment on your new seat cover (available for vinyl seat covers only) adds a nice extra touch when restoring to exact detail.

## Seat Foam Sets (TSF)

Is your seat looking tired, saggy, and wrinkled? The key to good looks and superb riding comfort is in your seat foam. Your interior restoration project is incomplete without new foam and it's revitalizing characteristics. New seat foam will enable easier installation and proper fit of new seat covers. Don't purchase a new seat cover set without considering new seat foam.

## Tote Bags 32.50 Each

The highly skilled upholstery Department of Larry's has reinvented the accessory tote bag. We now offer tote bags in the same high quality vinyl that our award winning interiors are made of and all the same colors. They are crafted with the same focus on quality and detail as all of our interior vinyl products are. These bags are a very nice accent to the interior of your car and are great for car shows and every day use.

## Door Panel Sets

Traditionally, door and kick panels suffer from years of use that they endure. Replacing them really is a painless process, and the sight of new-looking panels is wonderful. We die-cut all door and kick panels to ensure exact fit, then cover them in correct color-matched vinyl to duplicate the original. All panels of 1955 T-Birds are covered with either white or yellow vinyl with a one-inch heatseamed channel as original. For 1956, panels are covered in white vinyl only and feature the simulated stitch at one-inch center as original. And let us not forget the '57, whose panels are embossed with the Thunderbird logo and are available in all of the original colors as listed.

## Larry's Custom Fit Carpet Sets For Your 1955-57 Thunderbird!

1955 Colors

'55 Red  
'55/56 Black

'55 Green

(Black also applies for 57 T-Birds)

You can create a new-looking Thunderbird interior by simply replacing your carpet. An easy installation, and what better way to get rid of those old grease stains and crusty things that seem to build up in the nap. Our carpet

features nylon loop pile with cloth bindings, die-cut to fit properly, and also includes the rubber heel and foot-side rubber pads. We produce our Carpet Kits in correct original factory colors to match existing interior items. Please specify year and color desired when ordering. We recommend a new die-cut jute pad to place under your carpet set for sound deadening, weather insulation, and better carpet fit.

## High-Quality Replacement Brake Lines

Excellent Quality Lines at Great Prices!

Larry's replacement Brake Lines for '55-57 Thunderbirds are made from high-quality brake line tubing with double-flared ends and steel flared fittings. All lines have original-style steel spring protectors, steel sheathing protectors and looming materials in the proper places. Caution must be used when installing to insure proper seating of the flared ends to avoid leakage.

## Join the Club that Celebrates Ownership of 1955-1957 Thunderbirds

### Why a Thunderbird Club?

CTCI was formed to band together owners of this classic automobile—to provide a medium of expression of ideas, technical information, amusing reminiscences, and sources for parts. Lasting friendships have been formed through local chapters, regional conventions and international conventions. In addition, CTCI is recognized and sanctioned by the Ford Motor Company, who extends full cooperation and support.

### What Membership Means

Whether your classic Thunderbird serves as everyday transportation, a relaxing plaything or both, you can find valuable help in your restoration and maintenance problems in the TECH TIPS printed in the club publication—The months and contains many interesting features besides the mechanical information mentioned. Articles about members' cars, news of chapter events and activities, all profusely illustrated with photos. The Early Bird also features an advertising service to those wishing to buy, sell, or swap parts or cars. You can review the contents of the current issue on the CTCI website, located at: [www.ctci.org](http://www.ctci.org).

Tours, meets, rallies, picnics and other outings designed to encourage group participation are regularly conducted by the chapter groups. There probably is a chapter near you. Check on the CTCI website at [www.ctci.org](http://www.ctci.org) or call us at the number shown below for a listing of the nearest chapter. You are cordially invited to attend any of these friendly chapter meetings or events.

### Premium Packet

Every new member receives a "New Member Packet" upon payment of the initiation fee and dues. This includes a striking windshield decal, the latest edition of the Early Bird, a membership roster with the club by laws and a beautiful metal grille emblem, plus other general information. Also, many items, such as service and specialty manuals, decals, handbooks, etc., are exclusive to club members and can only be purchased through the club.

Sound Like Fun? Join Us Soon. You'll Be Glad You Did!

## Convert Vacuum Operated Wipers to Electric!

Convert your old vacuum wipers to Electric. This conversion has been designed by a licensed engineer and tested to make sure it works properly. There are no modifications to be made to your car! The whole assembly just bolts on where your old wiper motor mounted. Your old cable type switch is replaced with an electric two-speed switch so that you have two-speed wipers instead of the old one-speed. Again, there are no modifications to be made. Kit comes with complete detailed instructions and schematic diagrams showing you every step.

## Door Panel Sets (TDP)

TDP 57RD

Traditionally, door and kick panels suffer from years of use that they endure. Replacing them really is a painless process, and the sight of new-looking panels is wonderful. We die-cut all door and kick panels to ensure exact fit, then cover them in proper color-matched vinyl to duplicate the original. All panels of 1955 T-Birds are covered with either white or yellow vinyl with a one-inch heat-seamed channel as original. For 1956, panels are covered in white vinyl only and feature the simulated stich at one-inch center as original. And let us not forget the '57, whose panels are embossed with Thunderbird logo and are available in all of the original colors as listed.

## Retro Sound Original Replacement Speakers

RetroSound replacement speakers have set the industry standard in OEM for your classic vehicle! Designed and tooled from the ground up, the speakers meet the demand of today's high performance amplifiers while maintaining factory dimensions for original location mounting and are compatible with all digital music sources. The "N" Series features ultra thin 1.77" mounting profiles to fit in virtually any installation application. The model with neodymium magnet structure is 5 times more powerful than standard speaker magnets, allowing for a substantial reduction in mounting depth and feature enhanced power handling and heat dissipation characteristics.

## Thunderbird "An Illustrated History of the Ford T-Bird"

**DETAILED!** Over 1000 sharp, new pictures of the Ford Thunderbird, many in full color!

**ACCURATE!** Low-mile originals or quality restorations used as models!

**LARGE SIZE!** hard-bound, with colorful wraparound protective dust jacket. Over 300 pages, 1000 illustrations, many in full color!

Written by Ray Miller, noted automotive historian, with photos by Glenn Embree, outstanding automotive photographer! Similar to their earlier works on Antique & Classic Automobiles!

THUNDERBIRD! is not an amateur's photo album. Neither is it a complex engineering notebook. It contains, to be sure, some significant changes, but also the trivia of the model years. Rather, it is what it set out to be, an accurate, authoritative, study of the characteristics that make for a "typical" model year. Future restorers will benefit from its compact, succinct, and definitive presentations. It is a book to be enjoyed by the curious, welcomed by the purist, and relished by the aficionado.

# Ordering Information

## Placing Orders

It is our goal to ship all orders within one day of receipt. If we are out of stock on a part and cannot supply within a reasonable length of time, we will refund your check or money order. All VISA®, MasterCard™, Discovercard®, and American Express orders will be accepted. Personal checks are welcome, but we may have to hold the order for 14 days for check clearance. All COD Orders must be paid by certified funds. The shippers will not accept cash. There is an extra charge of \$9.00 for each COD package.

## To Order by Telephone

**Call Toll Free (800) 854-0393.** Have your credit card ready. Our phone ordering hours are Monday thru Friday: 7am to 5pm.

To Order by Fax Complete the Order Form and FAX 24 Hours to (951) 270-3224. Be sure to include your telephone number, credit card number, expiration date, and validation code as well as part numbers and accompanying descriptions.

## To Order by Mail

Fill out the Order Form completely and accurately, including all part numbers and accompanying descriptions and mail to: Larry's Thunderbird & Mustang Parts, 1180 California Ave. #B, Corona, CA 92881. If you are including payment with your order, be sure to allow for freight charges. Credit card numbers must be accompanied by expiration date and validation code.

## Internet Orders

Larry's catalogs are featured on our web site: [www.larrystbird.com](http://www.larrystbird.com). Follow instructions located on the site for proper ordering.

## Shipping Charges

Our shipping policy is simple. We charge according to the standard shipping rates of the carrier plus a small handling fee. In most cases we use UPS or Fedex. However, other carriers may be used depending on the destination and what is being shipped. **C.O.D. shipments will be charged an additional \$9.00 per package.** Please supply a street address. Most carriers will not deliver to a P.O. box.

## Air Delivery

For faster delivery service, we do also ship orders by 1 day, 2 day and 3 day delivery. **Delivery Services cost an additional amount, depending on size and weight of cartons.** Please specify when ordering if you would like these special shipping services.

## Foreign Shipments

Actual Shipping Charges will apply to foreign shipments. Customs fees, Duty charges, and other expenses are the responsibility of the customer.

**One Final Note:** Due to certain restrictions, we are not able to ship Hazardous Materials to any foreign countries; aerosol paint and vinyl dyes are shipped via surface delivery only and cannot be shipped via air delivery. These items will be noted by an asterisk\* where listed in the catalog.

## Returned/Refused Shipments

Customers will be responsible for all shipping charges, storage charges, and a *minimum* 10% handling fee on all refunded shipments. Merchandise returned that is not defective or damaged is subject to a *minimum* 10% restocking charge. The handling fee for parts purchased as 'used' is 15%. **No Returns Accepted on Special Order Items.**

## Damaged Merchandise/Missing Merchandise

Inspect your parts immediately upon receipt. If you should receive parts that are freight damaged or missing due to a broken box, contact the carrier (i.e. UPS, Post Office, or Freight Line) immediately. They will process your claim. **If you find a shortage in your order, you must advise us of that shortage within 7 days.** We can only accept responsibility for shortages reported within the 7-day time period. Please do not ship damaged parts back to us without prior authorization. We will do everything possible to see that you are taken care of quickly and efficiently.

## Guarantee

All new and reproduced products are guaranteed against defects in workmanship and materials. **Liability of Larry's Thunderbird & Mustang Parts is limited to the replacement of defective parts.** If you are not satisfied with your purchase and wish to make an exchange or return for refund, we ask that this be done within 30 days after purchase. If the reason for your return is our error, we will pay the shipping costs both ways. However, all parts must be returned Freight Prepaid, by way the least expensive transportation. Returns cannot be accepted on the following items: Electrical Parts, Stripe Kits, Books, or items with which installation has been attempted. **All returns must have a copy of your original invoice, as well as a letter of explanation and may be subject to a restocking charge.**

## Pricing

We attempt to maintain all prices included within this catalog, but because of normal market changes, we reserve the right to adjust prices without notice.

## Core Charges

A *Core Charge* is applied to most rebuilt items. This is in addition to the price of the part but is refundable upon supplying Larry's with your *correct* and *rebuildable* core. This is done so that we may continue to recycle good cores. If we run out of good cores, we must have your core in advance so that we can rebuild it and return it to you. **Cores must be assembled, rebuildable, authentically correct, and drained of all fluids to receive a core charge refund.**

## Change of Address/Duplicate Catalogs

If you are moving or receiving duplicate catalogs, please help us reduce waste by calling or faxing us with the correct address information. If you would like your name removed from our mailing list, call customer service at: (800) 854-0393 or e-mail us at [info@larrystbird.com](mailto:info@larrystbird.com).

## Catalog Information

We continue to maintain the largest supply of new, used and reproduced parts available anywhere for classic Thunderbirds, Ford Passenger cars and Mustangs. Our large inventory allows us to keep backorders to a minimum. We have tried to organize parts so that your ordering and restoration job is an easy one.

We continue to add new parts to our catalogs as they become available. If you are looking for a particular part and aren't able to locate it in this catalog, give us a call. It could be that the part is now available but wasn't when we put this catalog together. If you have any questions, give us a call or send a note via e-mail. We are more than happy to help meet your needs if at all possible. And thank you for your business. We appreciate it!
